

Mr. Tim Giesbrecht,

My name is Sonja Hadden, and I am the lucky recipient of the Northern Interior Cruising Scholarship No. 103. This award is going to help pay for my books in the upcoming 2019 Fall Semester.

I chose the Natural Resources and Forestry Technology Diploma because my father instilled a love and respect for the forest at a young age. I grass seeded, beetle baited and tree planted on his woodlot.

After my program ends, my aspirations are to take over my dad's woodlot and to work at the local Ministry office branch.

I want to take a moment to thank you and the committee's generosity in donating this scholarship. It means a lot to me to have won it!

Gratefully yours,

Sonja Hadden, Future RFT
